Romanian Symposium of Geomorphology  
the 33<sup>rd</sup> edition, Iași, 11-14 May 2017

## Second Circular

**The submission and the abstracts sending** consist of 2 stages:

1. Sending the abstracts for registration – maximum 500 words;
2. Sending extended abstracts, for publication – 4 formatted pages.

**The deadline for the submission of the registration abstracts (1.) has been extended until the date of 28 February 2017.**

(2.) All registered presentations will be published in a special issue at the „Alexandru Ioan Cuza” Publishing House, that we will index in some International Database (tbd). The papers will be published as *Extended Abstracts*, a 4 pages format (including tables, figures and bibliography) – see the template which is available on the official site of the symposium: <http://www.geo.uaic.ro/sng2017/sng2017template.doc>. Please send the extended abstracts until the date of 31 March 2017 (an extended term for this deadline is not foreseen).

Three types of presentations will be scheduled:

- A. Invited speaker presentations – 4 presentations x 40 minute (including 5 minutes discussions): in English;
- B. Oral presentations – 17 x 20 minutes (including 5 minutes discussions): preferably in English (with \*.pptx Romanian slides) or reverse (oral in Romanian and \*.pptx slides in English);
- C. Poster presentations – 27 x 3 minutes (if more, we will schedule in the symposium program); each registered paper will be plenary presented (3 minutes in \*.pptx format) preferably in English (with Romanian slides) or inverse (Romanian presentation and English slides) and as printed posters (you are free to chose the dimensions); this section will be encouraged to promote debate, problem solving, exemplification, and theoretical and practical

relevance. The 3-minutes presentations should be seen as an invitation addressed to community to visit and discuss your poster.

Please take into consideration during presentations' preparation, the framing in the initial schedule. Any exceeding of the allocated time can affect the progress of the symposium.
